1.0 INTRODUCTION

The City of Huntington (City) has maintained a steady population for several years, with very little change during the period between the 2000 and 2010 Censuses. Located in the center of Huntington County, the City is the county seat and is located only 30 miles southwest of Fort Wayne and less than 10 miles from I-69. The area economy is diverse and includes one of the top rated Christian universities in the Midwest (Huntington University), Parkview Huntington Hospital, rated one of the top 100 hospitals of its size nationally, and an extensive network of outdoor recreation areas and parks. The City serves all people, including minority populations, low-income populations, the elderly, persons with disabilities, and those who traverse the City. The City recognizes its responsibility to provide fairness and equity in all of its programs, services, and activities, and that it must abide by and enforce federal and state civil rights legislation.

Title VI of the Civil Rights Act of 1964 prohibits discrimination based on race, color, or national origin, in any program, service or activity that receives federal assistance. Specifically, Title VI assures that, *“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefit of, or be otherwise subjected to discrimination under any program or activity receiving federal assistance (42 U.S.C. Section 2000d).”* The use of the word “person” is important, as the protections afforded under Title VI apply to anyone, regardless of whether the individual is lawfully present in the United States or a citizen of a state within the United States. In addition to Title VI, there are other non-discrimination statutes that afford legal protection, including:

- Section 162(a) of the Federal-Aid Highway Act of 1973 prohibits discrimination based on sex (23 USC 324) and is the enabling legislation of the Federal Highway Administration (FHWA)
- Age Discrimination Act of 1975 prohibits discrimination based on age
- Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 prohibit discrimination based on disability

Taken together, these requirements define an over-arching Title VI/Non-Discrimination Program. It is important to also understand that Title VI and the additional non-discrimination requirements are applicable to federal programs in addition to programs receiving federal financial assistance due to the Civil Rights Restoration Act of 1987. The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 prohibits unfair and inequitable treatment of persons displaced or whose property has been acquired as a result of projects which are undertaken with federal financial assistance.

In addition to statutory authorities, there are two Presidential Executive Orders (EO) that place further emphasis upon the Title VI protections of race and national origin. These are EO #12898 (*“Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations”*) and EO #13166 (*“Improving Access to Services for Persons with Limited English Proficiency”*). EO #12898 (Environmental Justice) directs federal agencies to develop strategies to address disproportionately high and adverse human health or environmental effects of their programs on minority and low-income populations. Environmental Justice initiatives are accomplished by involving the potentially affected public in the development of transportation projects that fit within their communities without sacrificing safety or mobility. In 1997, the U.S. Department of Transportation (USDOT) issued its DOT Order to Address Environmental Justice in Minority Populations and Low-Income Populations to summarize and expand upon the requirements of EO 12898. EO #13166 (Limited English Proficiency) directs federal agencies to evaluate services provided and implement a system that ensures that Limited English Proficiency (LEP) persons are able to meaningfully

access the services provided consistent with, and without unduly burdening, the fundamental mission of each federal agency. Additionally, each federal agency shall ensure that recipients of federal financial assistance provide meaningful access to their LEP applicants and beneficiaries.

As a recipient of federal financial assistance, the City must provide access to individuals with limited ability to speak, write, or understand the English language. The City will not restrict an individual in any way from the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under its programs or projects. Individuals may not be subjected to criteria or methods of administration which cause adverse impact because of their race, color, national origin, age, sex, or disability or have the effect of defeating or substantially impairing accomplishment of the objectives of the program because of race, color, age, sex, disability, or national origin. Therefore, the primary goals and objectives of the City of Huntington's Title VI Program are:

1. To assign roles, responsibilities, and procedures for ensuring compliance with Title VI of the Civil Rights Act of 1964 and related regulations and directives;
2. To ensure that people affected by the City's programs and projects receive the services, benefits, and opportunities to which they are entitled without regard to race, color, national origin, age, sex, or disability;
3. To prevent discrimination in the City of Huntington's programs and activities, whether those programs and activities are federally funded or not;
4. To establish procedures for identifying impacts in any program, service, or activity that may create illegal adverse discrimination on any person because of race, color, national origin, age, sex, or disability; or on minority populations, low-income populations, the elderly, and all interested persons and affected Title VI populations;
5. To establish procedures to annually review Title VI compliance within specific program areas within the City;
6. To set forth procedures for filing and processing complaints by persons who believe they have been subjected to illegal discrimination under Title VI in the City's services, programs, or activities.

As the sub-recipient of federal transportation funds, the City must comply with federal and state laws, and related statutes, to ensure equal access and opportunity to all persons, with respect to transportation services, facilities, activities, and programs, without regard to race, color, religion, national origin, sex, socio-economic status, or geographical location. Every effort will be made to prevent discrimination in any program or activity, whether those programs and activities are federally funded or not, as guaranteed by the Civil Rights Restoration Act of 1987.

The City shall also ensure that their sub-recipients adhere to state and federal law, and include in all written agreements or contracts assurances that the sub-recipient must comply with Title VI and other related statutes. The City, as a sub-recipient who distributes federal transportation funds, shall monitor their sub-recipients for voluntary compliance with Title VI. In the event that non-compliance is discovered, the City will make a good faith effort to ensure that the sub-recipient corrects any deficiencies arising out of complaints related to Title VI; and that sub-recipients will proactively gauge the impacts of any program or activity on minority populations and low-income populations, the elderly, persons with disabilities, all interested persons and affected Title VI populations.

I. DISCRIMINATION UNDER TITLE VI

There are two types of discrimination prohibited under Title VI and its related statutes. One type of discrimination, which may or may not be intentional, is “disparate treatment”. Disparate treatment is defined as treating similarly situated persons differently because of their race, color, national origin, sex, disability, or age. The second type of discrimination is “disparate impact”. Disparate impact discrimination occurs when a “neutral procedure or practice” results in fewer services or benefits, or inferior services or benefits, to members of a protected group. With disparate impact, the focus is on the consequences of a decision, policy, or practice rather than the intent.

The City’s efforts to prevent such discrimination must address, but not be limited to, a program’s impacts, access, benefits, participation, treatment, services, contracting opportunities, training, investigation of complaints, allocation of funds, prioritization of projects, and the overarching functions of planning, project development and delivery, right-of-way, construction, and research.

The City has developed this Title VI Plan to assure that services, programs, and activities of the City are offered, conducted, and administered fairly, without regard to race, color, national origin, sex, age, or disability of the participants or beneficiaries of federally funded programs, services, or activities (see Title VI Assurances).

2.0 NON-DISCRIMINATION POLICY STATEMENT

The City reaffirms its policy to allow all individuals the opportunity to participate in federal financially assisted services and adopts the following provision:

“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.”

In applying this policy, the City, and its sub-recipients of federal funds, shall not:

1. Deny any individual with any services, opportunity, or other benefit for which such individual is otherwise qualified;
2. Provide any individual with any service or other benefit which is inferior (in quantity or quality) to, or which is provided in a different manner from, that which is provided to others;
3. Subject any individual to segregated or disparate treatment in any manner related to such individual's receipt of services or benefits;
4. Restrict an individual in any way from the enjoyment of services, facilities, or any other advantage, privilege, or other benefit provided to others;
5. Adopt or use methods of administration which would limit participation by any group of recipients or subject any individual to discrimination;
6. Address any individual in a manner that denotes inferiority because of race, color, or national origin;
7. Permit discriminatory activity in a facility built in whole or in part with federal funds;
8. Deny any segment of the population the opportunity to participate in the operations of a planning or advisory body that is an integral part of a federally funded program;
9. Fail to provide information in a language other than English to potential or actual beneficiaries who are of limited English speaking ability, when requested and as appropriate;
10. Subject an individual to discriminatory employment practices under any federally funded program whose objective is to provide employment;
11. Locate a facility in any way which would limit or impede access to a federally funded service or benefit.

The City will actively pursue the prevention of any Title VI deficiencies or violations and will take the necessary steps to ensure compliance. If irregularities occur in the administration of the program's operation, procedures will be promptly implemented to resolve Title VI issues within a period not to exceed 90 days.

The City designates Ronda Smelser, City of Huntington Director of Human Resources and Compliance, as the City's Title VI Coordinator. Ms. Smelser will be responsible for initiating and monitoring Title VI activities and other required matters, ensuring that the City complies with the Title VI regulations, and pursue prevention of Title VI deficiencies or violations. Inquiries concerning the City of Huntington and Title VI may be directed to the Title VI Coordinator at: 300 Cherry Street, Huntington, IN 46750, Phone: (260) 356-1400 extension 2026, Fax: (260) 358-2330, E-mail: Ronda.Smelser@huntington.in.us.

Frequency of training of staff is to be determined by the City to meet INDOT requirements and ensure compliance with Title VI.

IX. PUBLIC DISSEMINATION

The City will disseminate Title VI Program information to City employees and to the general public. Title VI Program information will be submitted to sub-recipients, contractors, and beneficiaries. Public dissemination will include inclusions of Title VI language in contracts and publishing the Title VI Plan on the City of Huntington's website, at <http://www.huntington.in.us/city/>.

X. REMEDIAL ACTION

The City, through the Title VI Coordinator, will actively pursue the prevention of Title VI deficiencies and violations and will take the necessary steps to ensure compliance with all program administrative requirements. When deficiencies are found, procedures will be promptly implemented to correct the deficiencies and to put in writing the corrective action(s). The period to determine corrective action(s) and put it/them in writing to effect compliance may not exceed 90 days from the date the deficiencies are found.

7.0 LIMITED ENGLISH PROFICIENCY (LEP)

On August 11, 2000, President William J. Clinton signed an executive order (Executive Order 13166: Improving Access to Service for Persons with Limited English Proficiency) to clarify Title VI of the Civil Rights Act of 1964. It had as its purpose, to ensure accessibility to programs and services to otherwise eligible persons who are not proficient in the English language.

This Executive Order stated that individuals who do not speak English well and who have a limited ability to read, write, speak, or understand English are entitled to language assistance under Title VI of the Civil Rights Act of 1964 with respect to a particular type of service, benefit, or encounter. These individuals are referred to as being limited in their ability to speak, read, write, or understand English, hence the designation, “LEP,” or Limited English Proficient. The Executive Order states that:

“Each federal agency shall prepare a plan to improve access to its federally conducted programs and activities by eligible LEP persons. Each plan shall be consistent with the standards set forth in the LEP Guidance, and shall include the steps the agency will take to ensure that eligible LEP persons can meaningfully access the agency’s programs and activities.”

Not only are all federal agencies required to develop LEP plans as a condition of receiving federal financial assistance, recipients have to comply with Title VI and LEP guidelines of the federal agency from which funds are provided as well.

Federal financial assistance includes grants, training, use of equipment, donations of surplus property, and other assistance. Recipients of federal funds range from state and local agencies to non-profits and organizations. Title VI covers a recipient’s entire program or activity. This means all parts of a recipient’s operations are covered, even if only one part of a recipient’s organization receives the federal assistance. Simply put, any organization that receives federal financial assistance is required to follow this Executive Order.

A person who does not speak English as their primary language and who has a limited ability to read, write, speak, or understand English may be a Limited English Proficient person and may be entitled to language assistance with respect to the City of Huntington’s programs and activities. Language assistance can include interpretation, which means oral or spoken transfer of a message from one language into another language, and/or translation, which means the written transfer of a message from one language into another language. The City of Huntington will determine when interpretation and/or translation are needed and are reasonable.

According to 2010-2014 American Community Survey information obtained from the U.S. Census, the number of individuals age 5 and over that identified as having the ability to speak English less than “very well” is less than 1.4% percent overall for the City. Linguistically isolated households (households where no one 14 years of age or older speaks only English or speaks English “very well”) speak Spanish (26.9%), Asian-Pacific Island languages (73.1%), other Indo-European languages (0%), and other languages (0.0%). The table below includes information about LEP populations in the City.

Further detailed review using the U.S. EPA’s EJSCREEN is available by Census Tract Block Group. However, not all Block Groups are entirely within the City limits so the information cannot be solely relied upon to identify linguistically isolated populations. Census Tract 9616 Block Group 001 and Census Tract 9619 Block Group

002 are the only Block Groups that are at or exceed the state average of 2% for linguistically isolated population. See Appendix E for mapping and information by Block Group.

LANGUAGE ASSISTANCE

The City of Huntington staff shall consider the following to identify if an interpreter and/or translator are needed or if an LEP person needs language assistance:

- Examine records to see if requests for language assistance have been received in the past, either at meetings or over the phone, to determine whether language assistance might be needed at future events.
- Have Language Identification Flashcards (see Appendix F) available at City Hall, Huntington Utilities, Parks & Recreation Department, Police Department, Human Resources, and other City Departments/facilities near customer service areas easily accessible to the staff. Individuals self-identifying as persons not proficient in English may not be able to be accommodated with translation assistance at the time, but it will assist in identifying language assistance needs for future events.

LANGUAGE ASSISTANCE MEASURES

Although there is a low percentage of LEP individuals in the City of Huntington (persons who speak English less than "well"), the City will strive to offer language assistance using the following measures:

- If an individual asks for language assistance, the City of Huntington will determine if the individual is an LEP person and language assistance is necessary to provide meaningful access. The City has the discretion to determine whether language assistance is needed and, if so, the type of language assistance necessary to provide meaningful access.
- When an interpreter is needed, in person or on the telephone, staff will attempt to determine what language is required and access the language interpreting service to be used.
- The City of Huntington will periodically assess the need for language assistance based on requests for interpreters and/or translators.

8.0 ENVIRONMENTAL JUSTICE

Compliance with Title VI includes ensuring that no minority or low income population suffers “disproportionately high and adverse human health or environmental effect” due to any “programs, policies, and activities” undertaken by any agency receiving federal funds. This obligation will be met by the City of Huntington in the following ways:

- When planning specific programs or projects, identifying those populations that will be affected by a given program or project.
- If a disproportionate effect is anticipated, following mitigation procedures.
- If mitigation options do not sufficiently eliminate the disproportionate effect, discussing and, if necessary, implementing reasonable alternatives.

Disproportionate effects are those effects which are appreciably more severe for one group or predominantly borne by a single group. According to U.S. Census data, the City of Huntington has a total minority percentage of 6.00% and over 16% of the population has income below the poverty level. Data summarized below includes information on low income and minority populations.

minority or low income populations. In addition, EJSCREEN is a tool for pre-decisional use only and cannot be relied upon solely to determine the presence/absence of Environmental Justice populations. Block Groups by Census Tract with minority and income population data are included on Table 4. High minority population (exceeds total City percentage of 6.00%) and/or high low income population (exceeds the City percentage of all people below the poverty line of 16.0%) Block Groups are highlighted.

NOTE: EJSCREEN is a screen tool for pre-decisional use. It can help identify areas that may warrant additional consideration, analysis, or outreach. Screening tools are subject to substantial uncertainty in data.

The data in the table above shows the limitations of some of the data from EJSCREEN. Only 16% of the population is below the poverty line according to the U.S. Census American Community Survey data, yet EJSCREEN shows all but four of the Block Groups having a low income population exceeding 16%. Imputing the EJSCREEN data would result in nearly 27% of the population being low income, which even with all of the population being low income outside of the City limits would be unlikely to account for this variance. Additional investigation and outreach should be completed for projects in the highlighted Block Group areas to ensure there is no disproportionate impact of projects. Statistics on EJSCREEN Census Tract and Block Groups are included in Appendix E. Where a project impacts a small number or area of low income or minority populations, the City will document that:

- Other reasonable alternatives were evaluated and were eliminated for reasons such as the alternatives impacted a far greater number of people or did greater harm to the environment, etc.;
- The project's impact is unavoidable;
- The benefits of the project far outweigh the overall impacts; and

- Mitigation measures are being taken to reduce the harm to low income or minority populations.

If it is concluded that no minority and/or low income population groups are present in the project area, the City will document how the conclusion was reached. If it is determined that one or more of these population groups are present in the area, the City will administer potential disproportionate effects test.

The following steps will be taken to assess the impact of a project on minority and/or low income population groups:

- **STEP ONE:** Determine if a minority or low income population is present within the project area. The means of making this determination may include a detailed review of census tract and/or block group information or other reliable sources. If the conclusion is that no minority and/or low income population is present within the project area, document how the conclusion was reached. If the conclusion is that there are minority population groups and/or low income population groups present, proceed to Step Two.
- **STEP TWO:** Determine whether project impacts associated with the identified low income and minority populations are disproportionately high and adverse. In doing so, refer to the list of potential impacts and questions contained in Appendix E. If it is determined that there are disproportionately high and adverse impacts to minority and low income populations, proceed to Step Three.
- **STEP THREE:** Propose measures that will avoid, minimize, and/or mitigate disproportionately high and disproportionate adverse impacts, and provide offsetting benefits and opportunities to enhance communities, neighborhoods, and individuals affected by the proposed project.
- **STEP FOUR:** If after mitigation, enhancements, and offsetting benefits to the affected populations, there remains a high and disproportionate adverse impact to minority or low income populations, then the following questions must be considered:
 - Question 1: Are there further mitigation measures that could be employed to avoid or reduce the adverse effect to the minority or low income population?
 - Question 2: Are there other additional alternatives to the proposed action that would avoid or reduce the impacts to the low income or minority populations?
 - Question 3: Considering the overall public interest, is there a substantial need for the project?
 - Question 4: Will the alternatives that would satisfy the need for the project and have less impact on protected populations
 - (a) have other social economic or environmental impacts that are more severe than those of the proposed action?
 - (b) have increased costs of extraordinary magnitude?
- **STEP FIVE:** Include all findings, determinations, or demonstrations in the environmental document prepared for the project.

9.0 FILING A TITLE VI COMPLAINT

I. INTRODUCTION

The Title VI complaint procedures are intended to provide aggrieved persons an avenue to raise complaints of discrimination regarding City programs, activities, and services as required by statute. Any person, who believes they have faced unequal treatment or discrimination as to the receipt of benefits and/or services based on their race, color, national origin, disability, sex, sexual orientation, gender identity, religion, age, low income status, or limited English proficiency, has the right to file a written complaint as described herein. Complaints should be filed with the City of Huntington's Title VI Coordinator.

These procedures cover all complaints filed under Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Civil Rights Act of 1987, the Americans with Disabilities Act of 1990, and other relevant regulations, statutes, directives, and Executive Orders relating to any federally-funded contract or activity administered by the City. It also applies to sub-recipients, consultants, and contractors. Intimidation or retaliation of any kind is prohibited by law.

The procedures do not deny the right of the complainant to file formal complaints with other state and federal agencies, or to seek private counsel for complaints alleging discrimination. Every effort will be made to obtain early resolution of complaints at the lowest level possible. The option of informal mediation meeting(s) between the affected parties, the Title VI Coordinator, and the Department Heads may be utilized for resolution. A copy of the complaint form can be found in Appendix F.

II. PURPOSE

The purpose of the discrimination complaint procedures is to describe the process used by the City for processing complaints of discrimination under Title VI of the Civil Rights Act of 1964 and related statutes.

III. ROLES AND RESPONSIBILITIES

The Title VI Coordinator has overall responsibility for the discrimination complaint process and procedures. The Title VI Coordinator may, at his/her discretion, assign a capable person to investigate the complaint. The designated investigator will conduct an impartial and objective investigation, collect factual information, and prepare a fact-finding report based upon information obtained from the investigation.

IV. PROCEDURE FOR FILING A COMPLAINT

Any person, group of individuals, or entity that believes they have been excluded from participation in or denied benefits or services of any program or activity administered by the City or its sub-recipients, consultants, and contractors on the basis of race, color, national origin (including Limited English Proficiency), sex, age, or disability may bring forth a complaint of discrimination under Title VI. All complaints are to be filed with the City's Title VI Coordinator. The complainant(s) shall make themselves reasonably available to the designated investigator to ensure completion of the investigation within the timeframes set forth.

In all situations, employees of the City must contact the Title VI Coordinator immediately upon receipt of Title VI related complaints. Complaints must be filed within 180 days of the alleged discrimination. If the complainant could not reasonably be expected to know that the act was discriminatory within the 180 day

period, he/she will have 60 additional days after becoming aware of the illegal discrimination to file the complaint.

Complaints must be in writing, and must be signed by the complainant and/or the complainant's representative. See Appendix F for the Title VI Complaint Form. The complaint must set forth, as fully as possible, the facts and circumstances surrounding the claimed discrimination. In cases where the complainant is unable or incapable of providing a written statement, the complainant will be assisted in converting the verbal complaint into a written complaint. All complaints, however, must be signed by the complainant and/or by the complainant's representative. Upon review of the information included in the complaint, the Title VI Coordinator shall decide the course of action and notify the complainant of the determination. All complaints will be logged into the Complaint Log (see Appendix F).

Items that should not be considered a formal complaint (unless the items contain a signed cover letter specifically alleging a violation of Title VI) include, but are not limited to:

- An anonymous complaint that is too vague to obtain required information
- Inquiries seeking advice or information
- Courtesy copies of court pleadings
- Newspaper articles
- Courtesy copies of internal grievances
- Oral complaints (unless provided by a Limited English Proficient person)

V. INVESTIGATION

The Title VI Coordinator shall designate a Department Head to lead the investigation. In the event the complaint is against a Department Head, the Title VI Coordinator shall lead the investigation. The investigator shall prepare a written plan, which includes, but is not limited to the following:

- Names of the complainant(s) and respondent(s) basis for complaint
- Issues, events, or circumstances that caused the person to believe that he/she has been discriminated against
- Information needed to address the issue
- Criteria, sources necessary to obtain the information
- Identification of key people
- Estimated investigation timeline and remedy sought by the complainant(s)

In conducting the investigation, the following factors will be considered:

- The investigation will address only those issues relevant to the allegations in the complaint.
 - In accordance with DOT Order 1000.12, the City of Huntington shall keep all complainants' identities confidential except to the extent necessary for carrying out an investigation. If an investigator determines that it is necessary to disclose the complainant's identity to the responder or a third party, the investigator must first obtain complainant's written permission. The Complainant Consent/Release form is including in Appendix F. Confidentiality will be maintained as much as possible.
 - Interviews will be conducted to obtain facts and evidence regarding the allegations in the complaint. The investigator will ask questions to elicit information about aspects of the case.
 - A chronological contact sheet is maintained in the case file throughout the investigation.
-

- If a Title VI complaint is received on an INDOT-related contract against the City of Huntington, INDOT will be notified and provided the opportunity to participate in the investigation of the complaint. Upon receipt of a Title VI complaint filed against the City of Huntington, the complaint and any pertinent information should immediately be forwarded to INDOT's Title VI Program Manager.
- Complaints made against a City of Huntington's sub-recipient should be investigated by the City following the complaint process.
- Within 60 days of receiving the complaint, the investigator shall prepare an investigative report and submit the report and supporting documentation to the Title VI Coordinator for review.
- The Title VI Coordinator reviews the file and investigative report. Subsequent to the review, the Mayor makes a determination of "probable cause" or "no probable cause" and prepares the decision letter based on the facts of the investigation in consultation with the Title VI Coordinator. A copy of the decision letter will be provided to the complainant.
- The complainant may receive a copy of the investigative report and shall be notified in the decision letter of their appeal rights.
- The City may, at its discretion, extend any deadline above for a reasonable amount of time if needed to complete a thorough investigation.

The laws enforced by the City prohibit retaliation or intimidation against anyone because that individual has either taken action or participated in action to secure rights protected by these laws. If someone experiences retaliation or intimidation separate from the discrimination alleged in this complaint, they should contact the Title VI Coordinator.

VI. APPEALS, RECORDKEEPING, AND REPORTING REQUIREMENTS

The complainant has the right to appeal the decision of the City to INDOT. The complainant must submit the appeal in writing to the City's Title VI Coordinator within 14 days of receipt of the City's decision letter. The appeal must cite the specific portion(s) of the findings that the complainant disagrees with and the reason(s) for the disagreement. The City will forward the appeal to INDOT's Title VI Program Manager within seven calendar days of receipt and cooperate fully in the appeal process as requested by INDOT.

All records and investigative working files are to be maintained in a confidential area. Records are to be kept for a minimum of three years or the amount of time dictated by the state's Record Retention Schedule, whichever is longer. All complaints shall be documented on the complaint log. A copy of the complaint, together with a copy of the investigation report and final decision letter, will be forwarded to the INDOT Title VI Program Manager following expiration of the appeal period.

10.0 PUBLIC INVOLVEMENT AND OUTREACH

The City will provide information on Title VI responsibilities to the public and employees. Information will be available on postings in City facilities, City website, and employee handbooks. A review will be done of the City's website for compliance with applicable accessibility guidelines and suggested improvements considered to provide better access to users. A voluntary public participation survey will be available at all public meetings to collect information regarding persons affected by proposed projects. The voluntary survey will be anonymous and collect data regarding gender, ethnicity, race, ages, disability status, household income, and other information. The survey will be available at all public hearings and meetings on projects, and completed surveys shall be retained for a minimum of three years from the date of the meeting or completion of the related project, if applicable. A copy of the Public Participation Survey is included in Appendix F. The City will strive to modify the public involvement and outreach program based on input from respondents and INDOT as needed.

11.0 TITLE VI PROGRAM GOALS FOR 2017

The City has identified the following Title VI Program goals for 2017. Updates to the program goals will be provided as part of the annual Title VI Implementation Plan to be prepared annually.

1. The City shall adopt the Non-Discrimination Policy Statement, Title VI Assurance, and Title VI Non-Discrimination Plan following a public hearing.
2. A copy of the City of Huntington's Title VI Non-Discrimination Plan will be provided to each City Department Head, who will review the plan with departmental employees.

APPENDIX D – DETERMINE/DISTINGUISH SIGNIFICANT/NON-SIGNIFICANT EFFECTS

“Significant” requires considerations of both context and intensity:

- (a) Context. This means that the significance of an action must be analyzed in several contexts such as society as a whole (human, nation), the affected region, the affected interests, and the locality. Significance varies with the setting of the proposed action. For instance, in the case of a site-specific action, significance would usually depend upon the effects in the local area rather than in the world as a whole. Both short-and long-term effects are relevant.
- (b) Intensity. This refers to the severity of impact. Responsible officials must bear in mind that more than one agency may make decisions about partial aspects of a major action. The following should be considered in evaluating intensity:
 - (1) Impacts that may be both beneficial and adverse. A significant effect may exist even if, on balance, the effect would be beneficial.

“Non-significant effect” means no substantial change to an environmental component and this no material bearing on the decision-making process.

Scientific, technical, institutional, the public’s value, and the local economic conditions influence the meaning of significant effect.

If an alternative would provide a beneficial effect, then the alternative would cause no significant adverse effect. If an alternative would provide an adverse effect, the effect might be significant or the effect might be non-significant.

Determinations of “significant” and “non-significant” effects will be made by Department Heads, in consultation with the Title VI Coordinator.
