THE FOLLOWING INFORMATION, IF APPLICABLE, MUST BE SUBMITTED WITH THE SIGN PERMIT/IMPROVEMENT LOCATION PERMIT APPLICATION:

1. Note: One Sign Permit application is required for each sign to be installed.
2. A line or detailed drawing of the sign, including a front and side profile.
3. For building mounted signs (wall, projecting, roof, etc), an elevation showing:
 - a. All existing signs currently installed on the property
 - b. The proposed location of the sign on the structure
 - c. The length, width, depth, height, and overall size of the proposed sign, including any vertical clearances required
 - d. The distance, if any, that the sign projects off of the structure, including any projecting into any right of way
 - e. All property lines and dimensions
 - f. All streets, alleys, and other rights-of-way adjacent to the site
 - g. The location of all recorded easements
4. For freestanding signs (ground, pole, etc), a site plan showing:
 - a. All existing signs currently installed on the property
 - b. The proposed location of the sign on the property
 - c. The length, width, depth, height, and overall size of the proposed sign, including any vertical clearances required
 - d. The setback distance from the sign (at any point) to all property lines
 - e. All property lines and dimensions
 - f. All streets, alleys, and other rights-of-way adjacent to the site
 - g. The location of all recorded easements

PLEASE NOTE THE FOLLOWING REQUIREMENTS WHICH MAY APPLY:

1. All ground signs and pole/freestanding signs (with less than 8 feet of vertical clearance) are prohibited from being located within any sight visibility triangle or corner vision clearance area. This restricted area is formed at the corner of a property where any two rights-of-way (including alleys) intersect. Please consult the Zoning Code for more information on this requirement.
2. If the sign is to be illuminated and no existing power source is present, an Electrical Permit may be required. Electrical permits may only be obtained by an electrician licensed by Huntington County.

IMPORTANT INSPECTION INFORMATION

1. Formal scheduled inspections are not required in conjunction with a Sign Permit.

THE ISSUANCE OF A PERMIT SHALL NOT AUTHORIZE THE VIOLATION OF ANY PROVISION OF THE BUILDING CODE, ELECTRICAL CODE, PLUMBING CODE, ZONING CODE, OR ANY OTHER APPLICABLE CODE OR REGULATION.
