Additional information (attac						

Applicant understands and agrees as follows:

- (1) To participate in the Program, Property owners must complete a Program Application, identifying the proposed contractor, the contract price, and other information in detail reasonably requested by City.
- (2) City's Engineering Office shall inform the applicant in writing of the maximum City funding available to applicant. Construction must be completed within 90 days (extensions may be applied for, but are not guaranteed).

- (3) Any changes to the proposed improvements must be approved in advance by the Engineering Department.
- (4) City retains the right to prioritize requests in accordance with City's determination of the best utilization of available Program funding.
- (5) Payment will be made only for approved and completed improvements which conform to City standards and pass City "pour-ready" and "completed" inspections.
- (6) Following City approval, Program payment shall be made to the applicant's contractor.
