**Deck Cross Section**

**Stairs**
1. Treads: 9” min width
2. Risers: 8-1/4” max height
3. Maximum 4” open toe kick allowed

**Deck Guardrails**
1. Required if floor is taller than 30” above grade
2. Must be constructed so no opening will allow a 4” sphere to pass thru
3. Must withstand 200 lb. side load

**Roof System**
1. Type: Shed, Gable, Hip, or Other
2. Pitch: example 4/12 or 6/12
3. Covering: Shingles, Metal, or Other
4. Ridge board size: example 2x8 or 2x10
5. Depending on roof, ice shield may be required from eaves edge to at least 24” inside exterior wall line

**Stairway Handrail**
1. Required at least on one side if 4 or more risers
2. Must be constructed so no opening will allow a 4-3/8” sphere to pass thru
3. Guardrail required on open stairway handrails if the vertical stairway rise exceeds 30”

**Floor**
1. Material: Wood or Composite (example: southern yellow pine)
2. Joist: example 2x6

**Posthole**
1. Must be at least 36” below finished grade or to solid bedrock

---

*Ice Shield* 24”
