Whereas, Huntington County, City of Huntington, Town of Markle, Town of Roanoke, Town of Warren, and Town of Andrews (hereinafter referred to individually as a "regional partner" and collectively as "the Regional Team") have come together as a region to apply for the Stellar Pathways program.

Whereas, the implementation of a successful Stellar Pathways program requires other resources including the sustained commitment of a staff and of the governing bodies of the Regional Team.

Whereas, the Regional Team members now desire to enter into this Interlocal Governmental Agreement ("Agreement") which will ensure that the sustained commitment exists to provide the support and structure necessary to successfully apply for and implement the Stellar Pathways program.

Now, therefore, be it resolved by the Common Council of the City of Huntington that:

- 1. The City of Huntington has partnered with Huntington County for participation in the Stellar Pathways program creating the Huntington County region.
- 2. Huntington County has attended a mandatory Stellar Pathways program workshop.
- 3. If chosen as a Stellar Pathway participant, develop a Strategic Investment Plan with a qualified consulting team.
- 4. Present the Region's Strategic Investment Plan to the Stellar Pathways Committee.
- 5. If chosen as a Stellar Pathways Designee, implement Strategic Investment Plan projects and programs with the use of set-aside funding, bonus points, and annual funding rounds within five years of designation.
- 6. Attend quarterly meetings during those -years to measure project completion, success, and obstacles.
